

122nd Pasadena Tournament of Roses Parade

Together, we are about to embark on a wonderful journey that will put the Aggie Band and the City of Albertville in front of ONE BILLION people Worldwide. You are one of 15 high school bands from across the world chosen to participate in the parade, and you have made this possible by your hard work and dedication to excellence. Congratulations!

This meeting is intended to give you preliminary information concerning details on trip cost/payment schedule, what is included in the trip, and information about the itinerary.

As you already know, we will be doing fundraisers, both individual and group, throughout the year to help bring the cost down. This is indeed a once in a lifetime trip, and we plan to do many different things while in Southern California. Much groundwork has been done to see that each person gets the most out of this trip.

Due to the nature of traveling by commercial airline and other logistical issues, we will be handling all payments differently on this trip. All payments will be made directly to the travel company-Florida Festival tours. FFT has a great reputation for group travel, and I am happy to say that former Aggie Band Director- Stacy Goss will be one of our tour representatives while on the trip. This year, we will also have the option to pay payments with credit/debit cards if desired.

Attached is information pertaining to our trip details. We encourage you to read this information carefully. You will need to understand all policies concerning payments and cancellations.

Once again, Congratulations!

Chris Lindley, Nathan Tucker, Missy Lindley
